Exhibit Open:

February 18–March
25, 2022

Always free and all
are welcome!

Curated by the
Afro-Latinx Lab

The Afterlives of Ismael Rivera: A Visual Guide to the Heart / Legados de Ismael Rivera: Una Guía Visual al Corazón is an exhibition of photographs by Bronx-born photographer Christopher López. These images are based on the songs of Afro-Puerto Rican musician Ismael Rivera. While this series remains largely incomplete, these images capture fragments of time—like Rivera’s lyrics themselves—that offer a symbology of a people (Puerto Ricans) whose identities are found in constant flux.
